Dogs have twice as many muscles for moving their ears as people.

A dog's smile runs from the depth of his eyes to the tip of his tail.

There's no such thing as a dumb dog; after all, while we're out working all day, they're home sleeping.

Dogs become loyal not because you feed them, but because of the companionship you give them.

Dog Poems

When I Got My New Dog

I asked for strength that I might rear her perfectly;
I was given weakness that I might feed her more
treats.

I asked for good health that I might rest easy;
I was given a "special needs" dog that I might know
nurturing.

I asked for an obedient dog that I might feel proud;
I was given stubbornness that I might feel humble.

I asked for compliance that I might feel masterful;
I was given a clown that I might laugh.

I asked for a companion that I might not feel lonely;
I was given a best friend that I would feel loved.

I got nothing I asked for,
But everything that I needed.

Sleeping with your Dog

Now I lay me down to sleep,
The king-size bed is soft and deep.
I sleep right in the center groove
My human being can hardly move!
I've trapped her legs, she's tucked in tight
And here is where I pass the night
No one disturbs me or dares intrude
Till morning comes and "I want food!"
I sneak up slowly to begin
my nibbles on my human's chin.
She wakes up quickly,
I have sharp teeth-
I'm a puppy, don't you see?
For the morning's here
and it's time to play
I always seem to get my way.
So thank you Lord for giving me
This human person that I see.
The one who hugs and holds me tight
And shares her bed with me at night!
